

National Container Group Partners with SupplyLogic, Inc. for Print Management Services

Hauppauge, NY. – March 17th, 2009

SupplyLogic, Inc., an industry-leading Managed Service Provider (MSP) specializing in Print Management Services for corporate clients, announced today that it has signed an exclusive agreement with National Container Group (NCG), a wholly owned subsidiary of Mauser Group, a leading producer of industrial packaging, reconditioning services and machinery for packaging production.

As part of the agreement, SupplyLogic will provide National Container Group with an on-line ordering platform and complete print management outsourcing services.

"SupplyLogic is a natural extension of our staff," said Diana Obolkovitz, Director of Procurement for National Container Group. **"They find and implement cost reduction opportunities we wouldn't realize on our own."**

"NCG is an industry leader with global reach and a unique business model. We deliver creative solutions to remove costs from the print supply chain while improving the service levels they offer their customers," said Kevin F. Sherlock, Founder and Chief Executive Officer of SupplyLogic.

About SupplyLogic, Inc.: SupplyLogic is an industry-leading Managed Service Provider (MSP) specializing in Print Supply Chain Management for Corporate Clients and Franchisors.
